- Central location with generous outdoor space
- International, close-knit and caring global community
- Exciting transformations ahead, look forward to our Bike Track, River Cove, Community Space, Atelier of Taste and Outdoor Piazza

Our Beautiful Campus

Parents' Sharing

"EtonHouse Newton is an amazing school with a large campus providing plenty of outdoor spaces, bright and spacious classrooms, and wonderful teachers. As an IB World School, the curriculum is child-focused. The children communicate openly and are encouraged to lead and collaborate with their friends, acquiring social skills and building up a self competent and confident personality in this learning process."

EtonHouse Newton also has an excellent Mandarin program. The Mandarin teachers are able to build the children's interest in the language through song, dance and exercises. I am often amazed at what Entinne and Esabelle can read and write in Mandarin! I am confident that the teachers have prepared them well for the upcoming transition to primary school."
